

Freelancing made simple

Indy is the one-stop shop for all your freelance needs and our mission is to make freelancing simple. In our experience, having to use multiple services to meet the demands of freelancers only wastes time and complicates the journey.

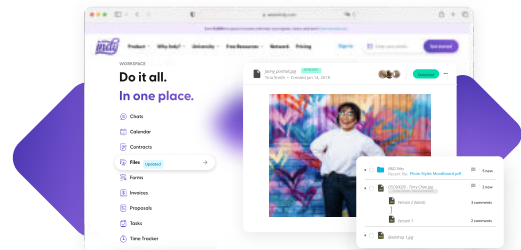

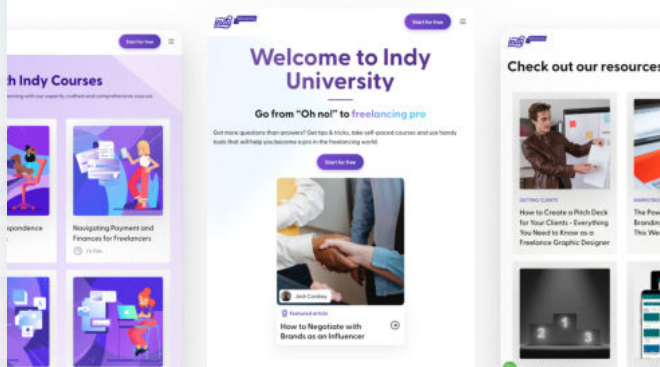

That's why we created Indy—to give you the tools, resources, and knowledge you need to manage your independent business from contact made to invoice paid and everything in between.

Why Freelancers Prefer Indy

With Indy University, Indy's tool suite, and the Indy Network, Indy has everything you need to manage your independent business.

Get the answers to any question you have about freelancing with tips, guides, and self-paced courses—from the best places to find freelance work to learning how to handle challenging clients.

Indy Tool Suite

Take control of your freelance business with our robust tool suite.

-  **Proposals** – Create winning proposals that attract new clients.
-  **Contracts** – Protect your business with legally-vetted contract templates.
-  **Forms** – Attract new leads, onboard clients, create questionnaires, and send surveys.
-  **Tasks** – Manage projects with to-do lists and visualize your workflow with Kanban boards.
-  **Time Tracker** – Record your work hours automatically or report time manually.
-  **Files** – Store all your projects in one place and let clients leave feedback directly on your files.
-  **Invoices** – Accept multiple payment methods and get paid fast.
-  **Calendar** – Get a bird's-eye view of everything due for the day, week, and month ahead.

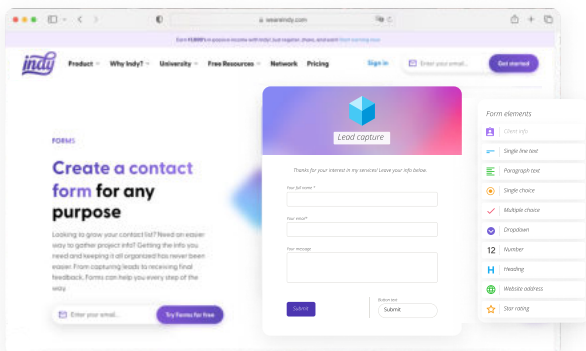

Indy Network

A place for freelancers to find and connect with like-minded creatives and expand their ever-evolving network.
